Program Description*

HEATING, VENTILATION, AIR-CONDITIONING, AND REFRIGERATION TECHNOLOGY TRAINING IN 1040 HOURS!

Students who complete our program can diagnose, service, install, and repair HVAC/R equipment and understand the reason for a building to gain or lose heat, as well as help mitigate the impact on energy usage. Our program also includes training on systems using direct digital controls (or “DDC”). The overall scope of this program is to prepare graduates to learn how to get the most out of the equipment’s performance, which is different than how this type of training is typically done. Our HVAC/R program sees the building as a “System” and the equipment as a “Sub-system.” Moreover, as California moves towards “Net-zero” energy usage for new residential and commercial buildings, we must also bring existing buildings to the new energy standards. These newer State standards affect many types of buildings, and our program will prepare you for these types of changes.

*Our program meets the educational requirements to proceed with the Local 250 Union Apprentices Program.

Which Program is Right for You?

Check our table below to find out which program is right for you.

Program	Length (months)	Days of Instruction	Instruction Type
Day	10 months	4 (Monday-Thursday)	Only on-campus
Traditional Evening	22 months	3 (Monday-Wednesday)	Only on-campus
Blended	10 months	3 (Monday-Wednesday)	Partially online

Why Brownson Technical School?

When considering an HVAC/R training facility, one must do the proper research. Several schools offer HVAC/R training, including community colleges or schools that teach multiple trades. Brownson is different! Here's why:

- Lower-cost tuition per hour than many schools in the area.
- We only teach HVAC/R!
- Our graduates can become HVAC-Excellence Certified, receive additional certifications, and take NATE CORE.
- Our training can take as little as ten months*!
- Part of our training can be done online**!
- We have a lab area of 12,000+ square feet filled with some of the most up-to-date equipment we can obtain!

*Applies to our 10-month Day program

**Applies to our 10-month Blended program

What do Our Graduates Say About us?

As we have previously mentioned, prior to enrolling in a trade school, or in this case, an HVAC/R school, "One must do the proper research." Sometimes, that

"Research" could be done on the school's website in their testimonial section.

Testimonials are given by the graduates who loved their school so much that they decided to recommend it to prospective students. On Brownson's website, we, like many schools, also have a testimonial section. Some of our testimonials are written, while others

are filmed. If you are still not sure about Brownson and want to see what others think, please visit

www.brownson.edu/why-bts/testimonials, or scan the QR code to the right. >>>

“Excellent experience very hands on. Instructor very helpful.
— Anthony Arnold

“Staff was on point. Learned to be a problem solver and not a part changer. Hands on and open your brain to a flood of info. Thanks again.

 — Falemanu B. Vaioletama Jr.

“I'm very happy and proud to have Graduated from B.T.S. Unbelievable staff helpful in all areas... Highly recommend to whomever wants to join the A.C field. Thanks Brownson Tech School!

 — Art Gonzalez
