BULLETIN NEWS

40 Years of Brownson Technical School

BY NICK BROWN

March 2024 marks 40 years since Brownson Technical School first opened its doors in 1984. Since then, we have made it our mission to educate generations of people on HVAC/R equipment and technologies. Don and Bill Brown first opened the school in the back of an appliance shop in Placentia, CA in 1984 and moved to the building that we know and love today in 1987. Unfortunately, the founder of Brownson, Don, passed away in November 2018, but that did not stop us from becoming the 2nd best career college and trade school according to the readers of the OC Register. For years, Brownson Technical School has helped students' dreams come true and we will continue to do that for many more years to come. Happy 40th BTS!
