

THE BROWNSON BULLETIN

November 2024

INTRODUCTION

Welcome to this month's edition of the *Brownson Bulletin*! This month, we announce our *OC Register* recognition! Enjoy!

BULLETIN BOARD

Brownson Technical School Recognized as Best HVAC/R School by the Readers of *The Orange County Register*

BY NICK BROWN

SOURCE: ORANGE COUNTY REGISTER (www.ocregister.com)

Long-time *Bulletin* readers will remember the recognition we got from the readers of the *Orange County Register* last year in their *Best of Orange County: Education: Best Career College and Trade School* article. Brownson Technical School is proud to announce that we landed the number two spot again this year! The *Register* said, "Brownson Technical School grads have a high success rate for employment because they typically get the most cutting-edge training in HVAC/R trends." When notified of this, Director, Bill Brown said, "I am so proud that once again Brownson Technical School has been honored by the readers of the *Orange County Register* as a top trade school." Thank you to the readers of the *OC Register* for this honor!

Below is the official article from the *Register*:

2. Brownson Technical School, Anaheim

1110 Technology Circle, Suite D, Anaheim; 714-774-9443; brownson.edu

Brownson Technical School grads have a high success rate for employment because they typically get the most cutting edge training in HVAC/R trends.

For more than 30 years, the school's training programs prepped students in heating, ventilation, air conditioning and refrigeration repair, maintenance and design. And because Brownson has built relationships in the industry, it's become a go-to school for employers. Many of the former students eventually become business owners themselves, and frequently hire Brownson graduates.

According to Brownson's website, 87% of its graduates found work in the HVAC industry within one year. Grads enter the work force with 1,040 hours of hands-on training on a wide-range of real equipment in one of the biggest HVAC labs in Southern California. Training courses for beginners and advanced technicians are available in 10-month and 22-month plans.

- **Pasadena, California** (Wednesday, November 13, 2024)

Yaskawa VFD Training*

- **Friday, November 15, 2024**

*If you have any questions about Yaskawa Training, please contact Joe Keleman at joe@brownson.edu.

THIS IS BROWNSON TECHNICAL SCHOOL!

Our Mission Statement

SOURCE: BTS CATALOG (www.brownson.edu)

Brownson Technical School's mission is to make a positive change in someone's life through vocational training. At the heart of our mission is the desire to address the divergent needs and aspirations of the variety of adult learners who come to us from a wide range of educational, occupational, and experiential backgrounds, all of whom have chosen to acquire new technical skills to change or advance their individual careers and lifestyles.

Program Description*

HEATING, VENTILATION, AIR CONDITIONING, AND REFRIGERATION TECHNOLOGY TRAINING IN 1040 HOURS!

Students who complete our program will be able to diagnose, service, install, and repair HVAC-R equipment and understand the reason for building to gain or lose heat, as well as helping mitigate the impact on energy usage. Our training also includes training on systems using direct digital controls (or “DDC”). The overall scope of this training is to prepare graduates to learn how to get the most of the equipment’s performance, which is different than how this type of training is typically done. Our training sees the building as a system and the equipment as a sub-system. Additionally, as California moves towards “net-zero” energy usage for new residential and commercial buildings, we must also bring existing buildings up to the new energy standards.

MAKE AN APPOINTMENT TODAY!

(714) 774-9443

WWW.BROWNSON.EDU

*Our program meets the educational requirements to proceed with the Local 250 Union Apprentices Program.

Why Brownson Technical School?

When considering an HVAC-R training facility, one must do the proper research. Several schools offer HVAC-R training, including community colleges or schools that teach multiple trades.

Brownson is different! Here’s why:

- Lower-cost tuition than many schools in the area.
- We only teach HVAC-R!
- All graduates can become NATE CORE Certified, HVAC Excellence Certified and receive additional certifications.
- Our training can take as little as ten months*!
- Part of our training can be done online**!

X: @brownsonbts

Website: www.brownson.edu

Phone Number: (714) 774-9443

1110 S Technology Cir. Ste D, Anaheim, CA 92805

- We have 12,000+ square feet of lab area filled with some of the most up-to-date equipment we can get our hands on!

*Applies to our 10-Month Day Class Program

**Applies to our 10-Month Blended Program

REGULAR INFORMATION

Love Brownson Bulletin?

Thank you for your interest in *Brownson Bulletin*! We hope that this edition was a good read for you! If you love *Brownson Bulletin*, check out our Facebook and Instagram accounts to read every edition of the *Bulletin*! We post them all on our accounts!

Questions or Requests?

We would love to hear feedback from you all about this Brownson Bulletin edition! If you have ideas for the next edition, we would love to hear them! You can let us know by emailing our main writer, Nick Brown, at nick@brownson.edu, or send us a DM on Instagram or Facebook. Your feedback is always appreciated to improve future editions of *Brownson Bulletin*!

THANK YOU FOR READING!

Thank you so much for reading this edition of *The Brownson Bulletin*. We hope that this month is enjoyable for you and very helpful in your HVAC-R journey! Have an outstanding month of **November** and the rest of 2024!
