

THE BROWNSON BULLETIN

July 2026

👋 INTRODUCTION 👋

Welcome to this month's edition of the *Brownson Bulletin*! We hope that you enjoy reading the *Brownson Bulletin* this month!

📌 BULLETIN BOARD 📌

Shifting Focus For *Bulletin*

BY NICK BROWN

Since the introduction of the Admissions section in *the Brownson Bulletin* in July 2024, there have been some additions, but much of the content has remained largely unchanged. This month, you may notice that the Admissions section is gone. It has been condensed to a QR code under "We Are Brownson Technical School!" > "Admissions". So, what replaced it? Allow me to introduce you to Career Corner on Page 5! That's right, with this edition and subsequent editions, we are shifting our publication's focus to being a 100% student-and-graduate-only publication! So, what about Admissions? If you are not yet a student at Brownson, we encourage you to check out our bi-annual publication, *Brownson Blurb*, instead. Our hope with this change is that our students will be able to find (*continued...*)

...a job easier than before. This section will be updated every month with information from our Career Services Director, Dodie Hall. We also hope that our students and recent graduates benefit from this change. We can't wait to see you at the Career Corner!

Star Students – Lheadry Powell

We want to congratulate our Module 5 Blended student, Lheadry Powell, on his recent success in obtaining a REES Scholarship! To receive REES Scholarships, one must write a 500-word essay and get 2 letters of recommendation—that's not a small task! Congratulations, Lheadry, we are very happy for you! 😊
