### September Naloxone Training

BY NICK BROWN

Last month, the Orange County Health Care Agency visited the school to provide Naloxone training to our staff and students. A few students attended this training and received instruction on administering this potentially life-saving medication.

### September Employer Visits

BY NICK BROWN

In September, two employers visited us: a billion-dollar defense contractor and a contractor with 4 locations in California and Arizona. These employers were both very impressed with the school, and we want to thank all of our students for making them feel welcome!
